

I want to be **bold Text**

I am very **important text**

I want to be *an italic text*

I am *emphasized text*

I am **marked text**

I am a smaller text

~~I am deleted text~~

My favorite language is not Python. It is JavaScript

$2\text{H}_2 + \text{O}_2 = 2\text{H}_2\text{O}$

$2^{10} = 1024$

I like to make break her

I like to start a new line

This is the third line. The pre tag is
good to use when a space is need to be
preserved for instance for poem.

I am underlined

<h1>I want to be bold Text</h1>
